**Art: "BOLOGNA"**  
Pallet cover that  
can be sealed

**General  
presentation**

Made By LeghornGroup

## Size for Euro pallet 80x120x160 cm

Polyethylene Pallet Caps are highly resistant special bags used to cover pallets to protect goods.

Art. BOLOGNA pallet covers are manufactured by LeghornGroup and are used in the industrial sector for the protection of goods on pallets.

These are special pallet covers which- by placing them over the pallet - allow to protect the load from any tamper attempts or weather issues.

## Available colours for “Bologna” pallet covers

By LeghornGroup

Pallet covers can be reused several times and can be customized with the customer's logo. (Blue colour our standard in stock. Other colours upon request).

Standard material: Nylon 210

Pictures and drawings are purely indicative. Sizes and colors are subject to change.

## Seals to be used with Nylon pallet covers

Nylon pallet covers may protect any product at any attempts at tampering since they can be sealed with a wire security seals – e.g. Twistseal with 500mm sealing wire pre-insert.

These seals are applied to the pallet through the metal rings that are on the cap.

The seals are also manufactured by LeghornGroup and have progressive numbering and customisation option with company name or logo.

## Correct application

Place the pallet cover "Bologna" on the pallet to be covered, and slide it along the four sides.

Pull tightly to cover the entire pallet and choose the corner of the pallet you want to seal.

Place the seal behind the pallet tab and insert it into the two holes on the pallet cover. Then tighten very tight.

## Field of action of LeghornGroup

-  **PROTECTION:** We can protect your goods and assets with security seals and various products for tamper protection. The company can create bespoke, technical solutions to meet client's requirements.
-  **CONTROL:** We ensure goods and people can be monitored using security products and integrated complete hardware and software solutions that allow the operator to monitor and intervene in real time, even remotely.
